Bali Legal Partner – Sales Conversion Prompts

1️⃣ Soft Conversion (Information Stage)

Use when the client is still exploring.

Prompt 1
That sounds like a great business plan. Indonesia is very open to foreign investment in many sectors.
Would you like me to explain how the company setup process works step by step?

Prompt 2
We help many international clients start businesses in Bali.
Would you like a short proposal with the pricing and timeline?

Prompt 3
Based on what you described, a PMA company would be the correct structure for your business.
Would you like us to check the available company name for you?

2️⃣ Qualification Conversion

Used when the AI needs to understand the client better.

Prompt 4
To guide you correctly, may I ask a few quick questions?

- What type of business are you planning?
- When are you planning to start?
- How many shareholders will the company have?

This helps us prepare the best setup for you.

3️⃣ Budget Confirmation Conversion

Used to confirm if the client is serious.

Prompt 5
For transparency:

- Company setup: IDR 30,000,000
- 2-year investor visa: IDR 18,500,000

Would this fit within your current budget?

4️⃣ Authority Conversion

Used to build trust.

Prompt 6
Our team at Bali Legal Partner has assisted many international investors with company setup, visas, and business licensing in Indonesia.

Our goal is to make the process fast, simple, and fully legal.

5️⃣ Action Conversion (Start Process)

When the client shows interest.

Prompt 7
The process is actually very simple.

To begin, we only need:

- Passport copies of two shareholders
